Ed. TIMES:—We have been blest with one of the finest rains that ever visited this, the garden of Bates. It makes us all right, corn is looking fine. Farmers now have a pleasant grin on their faces and, in fact, everything is on the boom in this neighborhood. Land is changing hands rapidly and there are lots of buyers. In fact Adrian is destined to be a fine city with its oil, coal and enterprising men.

Mr. T. B. Webb sold his bunch of fine steers yesterday at \$35 a head, \$1,100, to Oscar Reeder of Deer Creek township. Yesterday was a day long to be remembered in Adrian. It was the day set for the colt show of Messrs. Hunter, T. J. Davis and S. M. Raper. The colts were from their fine horses. The town was full and running over with the best farmers in the county and all took the greatest interest in the show. In fact all had their fine colts with them. Old men say they never saw a finer lot of colts in their lives. The call for the colts was made. The parade was on the ground back of Cox & Weaver's but the crowd was so large and the excitement so great that it was impossible to get to see the colts. So the judges decided to cut out eighteen of the best colts and turn them into the stock pens. The dams were turned out and the judges entered on their duty of deciding. The fences, cars and every place was crowded full to see who was the winning man. The judges, Messrs. Mapes, Inman and North, viewed and examined those colts for an hour and a half before a decision could be had. The 1st ribbon was given to Hunter's Gray Eagle, on Wm. Miller's colt; 2nd to S. M. Raper's Black —, on Sam. Passwater's colt; 3rd to T. J. Davis' Prince, on C. M. Garrison's colt. This shows the snap of three good men. The first premium was \$10; 2nd, \$7; 3rd, \$5. These are three of the finest horses in the north part of Bates county and their colts show for themselves. There were several horses and young mares from S. M. Raper's horse that are as good as I ever saw. James Hogan was offered \$300 for a span of three year old fillies. Wm. Wilson paid Sam Passwater \$140 for a four year old horse of this same stock.

### Sunday School Picnic.

Mr. Ben B. Bigstaff, assisted by his teachers, gave a Sunday School picnic in the beautiful grounds of Mr. G. T. Mitchell, about 4 miles east of Butler last Wednesday. It was one of those good old-fashioned picnics with a table nearly one hundred feet long, and just loaded down with all the delicacies of the season. It has seldom been our privilege to see so bountiful a repast. While the dinner was an important feature, there were many other attractions. Dr. Wright, of Butler, gave a short but interesting address which was very appropriate. They also had some very fine singing rendered by Mr. and Mrs. Geo. Baker, Misses Mary and Lou Ellington, Mollie Steel, Dora Heath and Lidda Kinney, and Isaac and Wm. Ellington. The croquet sets, hammocks &c., all tended to make the affair a very enjoyable one. A great deal of praise is due Mr. G. T. Mitchell for his kindness in giving the use of the grove and furnishing water and many other things to make the time enjoyable to all. A general invitation was extended to all the friends in the vicinity, but on account of the busy season many were unable to attend. Altogether it was pronounced a grand success.—*Republican*.

The Henry County Democrat publishes an account of two or three young cyclones which were seen along the west line of Henry, on Tuesday of last week. Several parties in this county tell us of having seen the same funnel shaped cloud. We hear that it struck the farm of Judge Ballard in Spruce. Its path was very narrow. It first passed through a corn field belonging to the Judge, then tore down a piece of rail fence with such force that many of the rails were broken and next pulled up the posts of a string of wire fence, rolling posts and wire into a heap. After leaving his farm it skipped over a mile and came down in an oats field doing considerable damage. No other damage reported.

Gen. Ord died of yellow fever at Havana on the 24th of July.

President Arthur is on his way to the West. He will divide his time between hunting and fishing and exploring the country. It has been so arranged that his tour will not cost the government anything. That may be true.

## RUPTURE.

Dr. John B. Logan, of St. Louis, Mo., will be in Butler three weeks from this date, at which time he will contract with parties to cure all cases of reducible hernia that may be brought to him. A cure guaranteed in every case or no charge. All I ask is that my fee be deposited either at the bank or with some responsible person, payable to me when the cure is perfected and if not perfected at the time agreed upon, the money to be drawn by the patient.

The average length of time required to perfect a cure by my treatment is about three weeks. The patient confined to bed or house, but can attend to the ordinary business affairs of life.

Read the following testimonials, few only are inserted here.

UPPER ALTON, ILL., April 29th, 1883. Dr. Logan:—After having been ruptured and wearing a truss for eight years your treatment has proved perfectly satisfactory. Three weeks ago to-day, I took off my truss and have been without it ever since. I am confident that I am as sound as ever.

## TIRED ALL OVER.

What Rested and Refreshed a Weary Man in Memphis.

"No, it never amounted to an acute pain, but continued to be a dull weary ache in the small of my back," writes Mr. James Thomas, of No. 39 Madison street, Memphis, Tenn. "This was an old experience, and life became dull music. I was tired all over, with pain in the lower limbs, and a habit of lying awake at nights. Recently I tried one of Benson's Capcine Porous Plasters and was decidedly relieved within twenty-four hours. It may have been Providence that did the work, but I give the credit to Benson's porous plaster." Mr. Thomas' reverential idea does him credit, but Providence works by agents, and among them Benson's plaster ranks first as an external remedy. It acts quickly in relief and healing, and renders life better worth living. Price 25 cents. Look in the middle of the plaster for the word Capcine. Ask your physician about it, Seabury & Johnson, Chemists, N. Y.
